

Soybean Piracy Statements

Approved for Marketing Materials

In response to your request, here is a statement that Licensees can use in their Seed Guides only (for marketing purposes) as a deterrent to seed piracy. This should **NOT BE USED ON BAGS, BAG TAGS, OR LABELS!**

Option #1:

Seeds containing the Roundup Ready® trait are protected under numerous United States patents, including Patent No. 5,352,605. In addition, the germ-plasm in conventional and Roundup Ready® soybean varieties may also be protected under one or more United States patents. Replanting saved seed of Roundup Ready® soybeans or patented conventional soybeans, or transferring patent-protected seed to others for planting is unauthorized and constitutes patent infringement.

Option #2:

Seeds containing the Roundup Ready® trait are protected under numerous United States patents, including Patent No. 5,352,605. Replanting saved seed of Roundup Ready® soybeans or transferring such patent-protected seed to others for planting is unauthorized and constitutes patent infringement.
